A Dulux Accredited Powder Coater:

- ✓ Has the ability to issue Dulux Alumi Shield™ and/or Dulux Steel Shield™ warranties
- ✓ Is your assurance of a quality job and customer satisfaction
- ✓ Is audited and certified by Dulux
- ✓ Is covered by Professional Indemnity and Product Liability insurance (if applicable)
- ✓ Is recommended by Dulux and use quality Dulux Powder products

Confidence is Key

Whatever your project needs, Dulux Powder Coatings provide you with the confidence and quality that will make it all worthwhile. We can help you select the right high quality premium powder coatings for your project. We can also help you select a powder coater who has demonstrated their capability to meet stringent quality conditions and international standards. That's why only Dulux Accredited Powder Coaters can issue our Dulux Alumi Shield™ and/or Steel Shield™ warranties.

Certified by Dulux

A Dulux Accredited Powder Coater is re-accredited every 18 months and must pass sample checks at the time of re-accreditation to certify that they can meet the required quality conditions and international industry standards, and issue Dulux Alumi Shield™ and/or Steel Shield™ warranties.

Tested

Once Accredited, every project requiring a warranty, whether it be a residential, a commercial or a non-habitable project, requires a Dulux Accredited Powder Coater to:

1. Gain warranty pre-approval of the product chosen to ensure the correct product is being specified
2. Supply powder coated samples for assessment every 18 months which are then tested at our Australian and New Zealand technical centres to ensure they meet the strict standards required to gain a Dulux Alumi Shield™ and/or Steel Shield™ warranty.

Warranted

The Dulux Accredited Powder Coater program ensures that projects requiring a warranty are being coated in the right product to the correct standard for every Dulux Alumi Shield™ and/or Steel Shield™ warranty issued giving you confidence of a great result on your project.

Only a Dulux Accredited Powder Coater can issue Dulux Alumi Shield™ and/or Steel Shield™ warranties. Warranties are made up of a colour warranty (for colour fade and chalking), durability warranty (film integrity for aluminium only), and corrosion warranty (for steel only). They are only valid when applied by a Dulux Accredited Powder Coater to the warranty specification on recommended project types and conditions.
